Cape Ann Sustainability Fair

April 29, 2017 towngreen2025.org

TownGreen2025 presents the 2017 Cape Ann Sustainability Fair, Gloucester's second clean energy fair with added focus on other elements of sustainable living on Cape Ann.

This day of teaching, learning, and collaborating will include:

- Speakers addressing clean energy technology, carbon neutrality, locally relevant impacts of climate change, and personal carbon footprint reduction
- Exhibits from local and regional leaders from both the nonprofit and the for profit sectors
- Demonstrations on clean energy, home energy efficiency, personal carbon footprint reduction, and strategies for carbon sequestration.
- Stations for personal carbon footprint calculation
- Free admission and parking
- Door prizes
- Opportunities to recycle old bikes or bring your bike in to be fixed
- Food, drink, activities, music, and more!

Join Us! TownGreen|2025 is a local Cape Ann organization made up of citizens who are concerned about the impact of climate change on our community. **Please join us!**
